

[Karen Moe](#) [1]

Submitted by kmoe on Fri, 2012-12-28 12:57 **Biography:**

Karen L. Moe is a Technology Development Manager at NASA's Earth Science Technology Office (ESTO) at the Goddard Space Flight Center. Her current responsibilities include defining and developing investment strategies for information technologies, i.e., acquiring, processing, storing and managing massive data resources for Earth science remote sensing projects. Ms. Moe has over 35 years experience with spacecraft command, control and data processing. She received the MSEE in Computer Engineering from the University of Maryland.
