

[Creating Documentation and Metadata: Introduction to Metadata and Metadata Standards \[1\]](#)

Submitted by erinmr on Wed, 2013-02-20 11:34 **Overview:**
In this module, we will be talking about metadata. To give you an overview of what this module will cover, we will be discussing terminology related to metadata, look at examples of metadata, bring metadata standards into the conversation and offer some suggestions on how to start implementing some of what we talk about in your lab. We will also give you a few pointers for more information.
