

[Agency Requirements: NASA Data Management Plans](#) [1]

Submitted by erinmr on Sun, 2013-03-24 17:07 **Overview:**

In this module, we will be giving you specific information about what kinds of requirements the National Aeronautics and Space Administration (NASA) has for data management plans (DMPs). The goal of this module is not to take a step by step walk through of the process of creating a NASA approved data management plan. Rather, we plan to give you an overview of what NASA is looking for and, more importantly, places to go to get more information.
