

[Enterprise Metadata Management Architecture \(EMMA\)](#) [1]

Submitted by amilan on Fri, 2014-06-27 17:11 **Event:** [Summer Meeting 2014](#) [2]

Abstract:

Meaningful, up-to-date and complete standard documentation is essential for curation and discovery of Earth science data. Our Enterprise Metadata Management Architecture (EMMA) at NOAA helps metadata authors understand the quality and completeness of metadata collections over time with graphics and detailed reports.
