Preservation Planning [1]

Submitted by superadmin on Wed, 2012-02-01 13:35   Friday, January 6, 2012 - 08:30 to 10:00

Event: Winter Meeting 2012 [2]
Session Type: Business Meeting [3]
Collaboration Area: Data Preservation [4]
Abstract/Agenda:

We will review status of the various active activities in the cluster and discuss future plans. Those activities include: Data Stewardship Principles, Preservation Use Cases, Identifiers, Citations, Provenance and Context Content Standard, and

Preservation Ontology.

Data Stewardship Principles [5]

- Principles baseline (Ruth/Rama)

- Governance -- new charge from Assembly to maintain the document

- What about the 'will'?

Data Citations [6]

- Guidelines baseline (Mark)

- Governance -- new charge from Assembly to maintain the document

- Outreach

Identifiers [7]

- Data Identifiers [8]

- Data identifiers paper published (Ruth)

- Testbed [9] (Nancy)

- NASA ESDIS DOI initiative [10] (John Moses)

- NASA GCMD DOI metadata field (Tyler)

- NOAA DOI initiative? (Jeff DLB)

- Identifiers for other preservation related artifacts?

- Linking with other related?

Provenance and Context Content Standard (PCCS) [11]

- Status (Rama)

- NASA specification (Rama)

- Baseline? Plans?

Preservation Use Cases [12]

- How to organize/develop these? (Curt)

Preservation Ontology [13]

- Concept mapping (Hook)

- other ontologies to link into

Notes:

Key Topics

- Charged with Data Citation and Data Stewardship documents maintainace
- Newly Created Data Preservation Committee, Curt is the new chair of the committee

- Ruth's Identifiers paper publish in Earth Science Informatics

Other/Notes

ESIP Assembly voted to create the Data Stewardship Committee

ESIP Assembly charged the new committee with maintaining the Data Stewardship and Data Citation Documents.

- There is a need to publicize, suggested on ESIP Commons.

- The guidelines aren't mandates, they can be adopted or used piecemeal

  - Take major revisions to full Assembly not just committee
- Updating the documents is a source of uncertainty
  - How often to modify? Suggested an annual review statement in doc

- Outreach for making documents known.

  - Press release and/or EOS-like article
- Publicize documnets through members own networks

PCCS needs to be made implementable, this is through an ontology that is independent of person/project/etc.

- Things to do: needs concrete, unambiguous vocabulary

Actions:

Possible Action Items Mark Parsons and Ruth Duerr work on news release drafts for Data Citation and Data Preservation Guidelines nad BEst Practices Documents

Session Leads:

Name: Ruth Duerr [14]
Organization(s): The Ronin Institute [15]

Name: Curt Tilmes [16]

Organization(s): [NASA Goddard Space Flight Center](#) [17] ,[USGCRP](#) [18]
Email: Curt.Tilmes@nasa.gov [19]

Notes takers:

Name: [Brent Maddux](#) [20]
Organization(s): [University of Wisconsin Madison](#) [21]
