Abstract/Agenda:

This session will solely focus on how to restart the Information Quality Cluster. The agenda will be question driven, here are some of the question we will discuss(and hopefully answer):

1) Where are we at as a Cluster?

- Is there past/unfinished work in ESIP that someone is aware of that the Cluster can support?
- What are some of the current IQ efforts going on outside of ESIP, are there gaps we can fill?
- What role should ESIP play in the greater community involving IQ?

2) Where should we go as a Cluster?

- What goals should we set for the Cluster? the coming year? long-term?
- Ideas for efforts the Cluster could drive or contribute to?
- What collaborations with other clusters should we work off of or foster?

3) Between now and the Winter Meeting:

- Goals or efforts to spin up between now and the Winter Meeting?
- Monthly telecons?

4) Did we miss anything or anyone?
