Event: Summer Meeting 2015 [2]
Session Type: Other [3]
Expertise Level: Beginner [4]
Abstract/Agenda:
HDF Product Designer demonstration and tutorial

Actions:
Hackerspaces are physical places, where people share their interest in tinkering with technology, meet and work on their projects and learn from each other.

The ESIP Hackerspace will be available for anyone who wants to meet and create while at the ESIP Summer Meeting.

Groups can reserve part of the hackerspace by contacting Annie Burgess (annieburgess@esipfed.org [5]) prior to, or during, the meeting. Check availability here [6]. If your group reserves the space, please know you'll get *part* of the space as we'd like to keep the rest open for those who get an itch to do some on-the-fly hacking, i.e. this isn't intended to be a private meeting space.

This space is not limited to hacking on code... concepts, collaborations, and even a Wiki Cleanup [7] are all fair game!

Session Leads: **Name:** Aleksandar Jelenak [8]
                                                         Organization(s): The HDF Group [9]
