CMR Metadata Curation [1]

Submitted by kbugbee on Mon, 2016-10-31 15:44   Thursday, January 12, 2017 - 14:00

Event: Winter Meeting 2017 [2]
Session Type: Breakout [3]
Room Location: Glen Echo [4]
Expertise Level: Beginner [5]
Collaboration Area: Documentation [6]
Abstract/Agenda:
This session focuses on CMR (Common Metadata Repository) metadata curation activities. Complete, correct and consistent metadata is essential for strengthening ties between data observations and user communities. High quality metadata strengthens these ties by improving discoverability, accessibility and usability. We will also have an interactive portion during this session to discuss what the group considers important for crafting high quality metadata.
