## Why do we participate in ESIP?

### Why we participate in ESIP:

The projects and research of ITSC have been consistently aligned with ESIP interests so continued participation has been valuable for the center's staff, both for collaborations and the generation of ideas and directions.

### Why we participate in ESIP:

We feel that ESIP provides an excellent forum and community for data, software and cyberinfrastructure professionals that is unmatched in the context of our scientific fields.

### Why we participate in ESIP:

ESIP has the best combination of people and organizations for us to interact with in the earth science community.
